TV EXPANSION

The plan for television de-
velopment adopted in 1945 by the
Federal Communications Com-
mission permitted stations to be
built from 90 to 150 miles apart.
Trouble in the form of interfer-
ence came quickly and in 1948
the FCC halted issuance of li-
censes until engineering difficul-
ties could be overcome.

Since then engineers have per-
fected use of ultra high frequency
(UHF) waves, on which tele-
casts are effective for approxi-
mately 20 miles, as contrasted
with the 50-mile range of very
high frequency (VHF) on which
existing stations operate. The
wider spectrum adds 70 new
channels to the 12 now in use
and permits a greatly increased
number of stations to operate
without interfering with one an-
other.

This clears the way for exten-
sion of television to all parts of
the country. There are now 108
stations on the air. Lifting its
ban, the FCC has allocated chan-
nels for 2,053 new stations in
1,291 communities. Channels will
be reserved for noncommercial
educational use in 242 communi-
ties.

There will be considerable de-
lay before TV screens light up all
across the country. Where there
are competing applicants for one
channel long hearings will be
necessary before a license can be
issued. Materials for construction
are expected to be available, but
their cost has increased greatly
since 1948.

However, a vast expansion of
TV is certain. It will involve the
expenditure of billions of dollars
for transmitters and studio equip-
ment, provide a market for mil-
lions of new receiving sets.

WHEAT CROP LOOKS GOOD

News from the wheat belt, via
the Department of Agriculture at
Washington, is that this year's
crop of winter wheat (wheat
planted in the fall) will be the
third largest on record. According
to present indications, that is.
Acreage devoted to spring wheat
will be larger than last year's, it
is predicted.

Sometimes there is a sizable
gap between April wheat pros-
pects and the actual harvest. Plant
diseases, insects and bad weather
—especially the latter, frequently
result in a marked change in the
picture. But if the farmer gets all
the breaks the result may be a
larger crop than now forecast.
Crops can never be anticipated
accurately.

But, barring some unforeseen
disaster, the wheat crop promises
to be very satisfactory. A good
wheat crop spreads its beneficial
influence over the whole economy.
It should help counteract the ever-
present threat of inflation.

The farmer, as always in the
past, is still the most stabilizing
segment of the population. He
toils and produces, come what
may, and never deserts his job
to parade with signs beseeching
others to join him in idleness.

ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette
issue dated at Bristol Dec. 24, 1903. The Gazette, a weekly news-
paper published in Bristol, was discontinued following its merger
with the Courier.

MORRISVILLE — Miss Emily
Jummel, chief operator of the Mor-
risville exchange of the Bell Tele-
phone Company, has resigned to
take up the study of trained nurs-
ing in the Cooper Hospital, Camden.
Miss Mary Bond, who has been em-
ployed in the Trenton exchange for
the past few weeks, will fill the va-
cancy caused by Miss Jummel's
resignation.

LANGHORNE — Benjamin Wood-
man's large stone house has been
most satisfactorily heated by a new
hot water apparatus.

SPECIAL PRICES — Finest leaf
lard, 9c lb.; homemade mince meat,
9c lb., 3 lbs., 25c; York State cider,
15c gal.; shredded coconut, 13c lb.;
New Orleans molasses, 12c; solid
packed butter, 27c; fancy sheaf print
butter, 29c; gilt edge butter, 31c;
Red Fancy apricots, 12c; York
State cheese, 15c. S. C. Childs, Mill
and Cedar streets. (Adv.)

A 30-pound snapper was caught
in the mill pond by Harry Shores
a few days ago.

The trolley cars on the Philadel-
phia, Bristol and Trenton line are
now all comfortably heated.

A calf with two heads was the at-
traction on Mill street on Monday
in the farm wagon of James Ennis
who brought it from Bensalem. The
curious freak of nature was born on
Mr. Ennis' farm.

The Bristol butchers are still
keeping up their war of prices and
it is doubtful if any community is
being served with meat at such low
rates as here. Fine rib roasts of
beef are being sold for nine cents
a pound; sirloin steaks for twelve
cents; roast pork or chops, seven
cents; stewing beef, three cents.
The above were the lowest prices
that were made last Friday and
Saturday. The public thoroughly
enjoys the situation.

An evening company was given
at the home of Miss Martha Cham-
bers on December 17th. A very
pleasant evening was spent, after
which refreshments were served.
Among those present were: Mr.
and Mrs. Chambers, Misses Mary
Bailey, Emma Bailey, Clara Cum-
mings, Anna Dawson, Elsie and
Violet Arrison, Martha Chambers,
Margaret Stephen, Masters George
Ahlee, Edward Milligan, Raymond
James, John Wickser.

The annual meeting of the New-
portville Horse Co. was held in
Union Hall, Newportville, on Wed-

nesday, December 16th. The com-
pany is in a flourishing condition,
having added \$27 to the amount in
the treasurer's hands for the past
year after paying all bills. The or-
ganization was instituted 76 years
ago and at present has 80 members,
72 of whom took supper at the hotel
of Mrs. Dennis Dugan. The present
officers are: President, James W.
Rogers; Treasurer, Lemuel Vande-
grift; Secretary, John H. LaRue;
Directors, James W. Rogers, Wat-
son Davis, Howard K. Tomlinson,
Dr. James Patterson and Dr. Hor-
ace Fleckenstein.

Always been keen to provide for
the comfort and pleasure of their
patrons, the managers of the Phila-
delphia, Bristol and Trenton Street
Railway Company, at considerable
expense, have made a fine winter
recreation ground on the line of
the trolley between Bristol and
Croydon. The company has leased
from the Negus estate the meadow
land near the Newportville road,
and a force of men dammed up the
creek which flows through the
property causing the flooding of the
grounds, which in cold weather
makes an elegant skating surface,
covering about three acres. Benches
and shelter are being erected for
the comfort of the skaters and
spectators. A novel feature will be
provided by the erection of poles
and the installation of about twenty
electric lights thus making the
pleasure ground one that will be
particularly enjoyable at night.
Everything is now in readiness for
the freezing. In the event of snow
the lake will be quickly cleared by
a force of men and the surface re-
flooded, thus giving another surface
of smooth ice. Undoubtedly the
spot will be a popular resort this
season.

Fiercely-Dedicated Army Fights Cancer

Continued from Page One

obituaries read: "Death came after a long illness." No mention of cancer.

In such atmosphere flourishes a world of old wives' tales, half-truths and taboos. Where angels fear to tread, fools rush in and bestow countless thousands of dollars on charlatans, quacks and quick-cure artists.

One phony in Texas advertised a cure for skin cancer that involved the use of zinc chloride. His technique was exposed by medical societies—but a bona fide specialist at Madison, Wis., was placed under a cloud of medical suspicion, because he was busily curing skin cancers—with zinc chloride! The difference, of course, lay between spurious application and genuine know-how.

Truth indeed is stranger than fiction. For every strange and planetary device and apparatus used by impostors to milk money from cancer sufferers, there is an even stranger-looking machine in use by genuine specialists.

In Baltimore, a doctor named Kurt Richter literally plugs his patients into a control board with flashing dials and indicators. He runs little wheels over their skin and watches the control panel. Where the needles jump — there may be a hidden tumor.

Ghosts and phantoms play their part. In Philadelphia, a routine chest X-ray on a dead man showed nothing. Opened up at post mortem, his chest disclosed a cancerous tumor the size of a silver dollar.

Why didn't the X-ray see it? Doctors decided to find out. They built a plastic man, gave him a plastic tumor, then X-rayed him time and again, changing the location of the tumor, until suddenly, once again, the X-ray plate showed blank.

Quickly, they changed the dosage of the ray, changed the angle of the camera—and "found" the phantom tumor.

The contradictions are immense, sometimes seeming almost as if cancer has a mind of its own, with which to confound the experts.

Cancer is not inherited. It is not contagious. But now and again forms of the disease will run rampant through certain families, and male mice with cancer have been proved to give it to female mice.

Cancer is inbred. But in one rare form of the disease, it has been traced in women not to themselves but to the unborn babies they carry. Removal of cancer, without any recurrence for five years, is regarded as a cure. But in one Chicago woman, a cancerous tumor disappeared—and came back 25 years later. Cancer does not reverse itself.

Once present, it does not go away. But there was a New York woman, so hopelessly cancer-ridden her death was considered only weeks, maybe days, away. She lay in bed, all by herself, waiting, and all by itself her cancer vanished, and she walked out of the hospital to resume her healthful everyday existence.

Dr. Samuel Taylor of the University of Illinois says, "Nobody dies of cancer," and it is more than merely a remark. People die from what cancer does to their vital organs. Sometimes, literally suffused with malignant growths, they stay alive for years.

Falls School District Sends Out Bills for Special Taxes

Continued from Page One

taxable for school purposes at the reassessed valuation for the proportionate part of the fiscal year of the school district remaining after the property was improved. Any improvements made during the month shall be computed as having been made on the first of the month. A certified copy of the additions and revisions to the duplicate shall be furnished by the board of school directors to the tax collector for the district, and within ten days thereafter the tax collector shall notify the owner of the property of the taxes due the school district.

The board of school directors of

Falls Township has elected to take the assessors list of improvements as of September 1, 1951 as the basis for application of this special school tax law for the balance of the fiscal year. Ordinarily, property owners of such improvements would not pay taxes until on or after July 1, 1952.

Because of the terrific increase of school costs due to the industrial expansion of the area the board of school directors of Falls Township is facing a large deficit for the fiscal year.

Since the period from September 1 to July 1 is a period of ten months, or five-sixths of a year, property owners concerned will receive bills for five-sixths of the year taxes.

The special tax duplicate handed by the board of school directors to tax collector, Lloyd Vandenberg,

is for approximately \$7,000,000. With a tax rate of 25 mills for five-sixths of a year, about \$200,000 is due the school district.

Ivins Smith, New Hope R. D.; secretary, Mrs. Harry Willis, Warmist; treasurer, Mrs. Stanley Blinn, Newtown.

Mrs. Blinn announced that a gift had been made to the building fund for the new national headquarters building at Chicago, Ill., in honor of Mrs. Pratt, president of the council for the past six years, and now vice president of the Penna. State Congress of Parents and Teachers.

on the staff of the county superintendent of schools, Doylestown, spoke on the work done by his department in its first year of operation. Over 300 pupils, who are not reading up to their ability, have been tested and a corrective program undertaken for each child. Seventy-two teachers in the county are taking refresher courses at Bristol on reading difficulties. Conferences were also held with 30 parents of children who have reading problems.

A short play, "Together We Build" was staged, with Mrs. Irvin Thompson, Warmist; Mrs. Ferdinand Ettenger, Holland; and David Greenberg, Lacey Park, participating.

One-minute reports by local unit presidents were presented.

Registrar reported 87 in attendance, representing 16 local units.

Vote was made to change the date of the fall assembly to Saturday, Nov. 1st, so as not to conflict with the end of the state convention. This meeting will be at Sell-Park high school, Sellersville.

Andalusia Reception Follows Saturday Wedding at Holmesburg

HOLMESBURG, April 28 — A wedding of social interest took place Saturday afternoon when Miss Anna May Swan, daughter of Mr. and Mrs. LeRoy H. Swan, Sr., became the bride of Mr. Russell Thomas Matthews, Jr., son of Mr. and Mrs. Russell T. Matthews.

The double ring ceremony was solemnized at four o'clock in Holmesburg Baptist Church, with the Rev. Robert Davidson officiating.

A recital of organ music preceding the ceremony was rendered by Miss Marion Mathers. The vocalist was Mr. Lewis Benzon, Andalusia. The bride was given in marriage by her father. Her gown was of antique white satin patterned on renaissance lines, with a tight-fitting hip-length bodice, cut square at the neck and long-sleeved. A full-flowing skirt formed a train. Her fingertip white tulle veil fell from a tiara of pearls. Her slippers were white embossed satin, and she carried a white prayer book upon which rested two white orchids.

Miss Mary Ella Swan, Andalusia, was maid of honor for her sister. Her gown was of yellow chiffon over taffeta, ballerina length, with side panels and stole. She wore a matching chiffon headpiece and carried a cascade of yellow roses. The bridesmaids were Miss Mary Jane Vandegrift, Cornwells Hts., and Mrs. LeRoy Swan, Jr., Hulmeville, sister-in-law of the bride.

They wore ballerina length gowns of chiffon, one in pink, one in blue, similar to the maid of honor's gown, with matching chiffon headpiece, and old-fashioned bouquets of tulips, roses and lilies-of-the-valley.

Sharon Wallis, Andalusia, and Linda Johnson, cousins of the bride, were flower girls. Their gowns were lime color not over taffeta. Each carried a basket of pansies, violets, roses and heather, which was sent to the bride from Scotland.

Richard J. McClay, nephew of the bride, was ring-bearer. He wore a black cut-away coat with grey trousers and carried a white satin heart-shaped pillow upon which rested two rings.

Mr. Eugene Matthews, Andalusia, served as best man for his brother, and the ushers were Mr. John J. Rittenhouse, Croydon, and Mr. LeRoy H. Swan, Jr., Hulmeville, brother of the bride.

Mrs. Swan, mother of the bride, chose a gown of navy blue lace over pink celanese, blue accessories and wore a corsage of orchids. Mrs. Matthews, mother of the bridegroom, selected a gown of champagne Chantilly lace over taffeta, with beige accessories, and wore a corsage of orchids.

At six p.m., a reception was held for 150 guests in King hall, Andalusia. The couple left for a week's honeymoon in the Pocono mountains. For travelling, the bride chose a navy blue pin-trimmed suit, white straw sailor-trimmed with blue ribbon, white kid gloves, blue calf-skin slippers and handbag, and wore white orchids.

The attendants and ushers were presented with gifts by the bride and groom. The bride is employed

Today's Quiet Moment

Selected by the Rev. E. Clarendon Hyde, Vicar Grace Episcopal Church, Hulmeville

Now, who is there to harm you if you are zealous for what is right? But even if you do suffer for righteousness' sake, you will be blessed. Have no fear of them, nor be troubled, but in your hearts reverence Christ as Lord. Always be prepared to make a defense to any one who calls you to account for the hope that is in you, yet do it with gentleness and reverence; and keep your conscience clear, so that, when you are abused, those who revile your good behavior in Christ may be put to shame. For it is better to suffer for doing right, if that should be God's will, than for doing wrong. For Christ also died for sins once for all, the righteous for the unrighteous, that he might bring us to God, being put to death in the flesh but made alive in the spirit; in which he went and preached to the spirits in prison, who formerly did not obey, when God's patience waited in the days of Noah, during the building of the ark in which a few, that is, eight persons, were saved through water. Baptism, which corresponds to this, now saves you, not as a removal of dirt from the body but as an appeal to God for a clear conscience, through the resurrection of Jesus Christ, who has gone into heaven and is at the right hand of God, with angels, authorities, and powers subject to him. I Peter III 13-22 (Revised Standard Version).

were strapless, were of net over taffeta, and each wore a stole. The gown of Miss Clotti featured apron effect in front, with rhinestone trim. That of Mrs. DiCicco had yellow roses at the side. Each wore satin slippers to match her costume, and carried a satin basket with lace trim. Miss Clotti's basket was filled with yellow roses and a variety of other flowers; and the basket borne by Mrs. DiCicco included pink roses and mixed blossoms.

The bridal costume was of satin and lace, patterned crinoline style. The bodice of lace was topped by a sheer yoke. Sleeves were long, and the gown was entrain. Her fingertip veil of net was attached to a pearly orange blossom headpiece. The white satin fan which the bride carried was trimmed with lace and contained white roses, with a lavender orchid at the center. The streamers which fell from the fan had small white rose-buds attached. The bride wore white satin slippers.

Mr. John DiCicco, Wood street, was best man for his brother-in-law. Men in the bridal party wore white jackets and black trousers for the ceremony.

For a week's trip to New York, N. Y., Mrs. Clotti was attired in a

navy blue and white check suit, navy blue topper, white accessories, and wore the orchid from her fan. Until her husband receives his discharge, Mrs. Clotti will continue to reside at 335 Jefferson avenue.

Choice of costume of Mrs. Clotti, mother of the bride-groom, was a rose toned dress of lace over taffeta, navy blue accessories, and a lavender orchid.

Gifts from the bride to her attendants were rhinestone necklace and earring sets. Sgt. Clotti gave the best man a gold cigarette case.

The dinner for the immediate families took place at Silver Lake Inn, with a small reception following, last evening.

powers. They also may discuss "impeachment."

Meanwhile, Federal Judge David A. Pine is expected to rule in Washington District Court on the steel industry's request for a temporary injunction against his seizure order. The industry also has asked Pine to bar a government-dictated raise for the CIO United Steel Workers.

In his letter to Jones, Truman also defended the Wage Stabilization Board's recommendation for the pay raise and union shop, repeated his reasons for not invoking the Taft-Hartley Act and denied the WSB's "public" members were union influenced.

Jones, one-time famous flyer turned farmer, said last night he was "pleased and surprised" that President Truman answered his letter.

"I still haven't decided whether he was right or wrong," the 59-year-old Jones said, "because I

still haven't seen his reply. They read it to me on the phone yesterday afternoon." Jones, a lifelong Republican, is president of the Academy of Aeronautics at LaGuardia Field in New York. He flew for France in the first World War and during World War II trained 20,000 mechanics for the United States Air Force.

JURY RETURNS VERDICT AFTER 11 DAYS OF TRIAL

Verdict in The Amount of \$1400 Given in Favor of Plaintiffs

BEFORE JUDGE KELLER

Judge Says A "Fine Jury" Heard The Evidence

DOYLESTOWN, Apr. 28.—At the end of a 11-day trial concluding April 23rd and which had been in session since April 7th, a jury returned a verdict of \$1400 in favor of the Community Improvement Corporation and \$146.88 in favor of Leonard W. Griesamer, the plaintiffs, both of Quakertown.

President Judge Hiram H. Keller presided at the 11-day trial, which began April 7 and concluded April 23. In the original action in assumpsit, Community Improvement Corporation was suing for \$8,452.43 and got a verdict of \$1400 and Leonard W. Griesamer was suing for \$3756.57 and received a verdict of \$146.88.

The defendants were the Atlas Overhead Door Company et al, Henry C. Roemer, Bowness Briggs, Robert Federspiel, William J. Raudenbush trading as Atlas Overhead Door Co. A motion was made for a new trial.

President Judge Keller described the jury as a "fine jury" and complimented them on their excellent attention and conduct during the long tedious trial.

Witnesses for the plaintiff were Ernest Reich, Leonard Griesamer, Jackman S. Wilson and Winston W. Linsides.

Witnesses for the defendant were Henry C. Roemer, Robert S. Federspiel, Herman Tashman, Robert B. Henry, Leroy N. Castle, Joseph M. O'Donnell and William J. Raudenbush.

The defense, which admitted the use and occupation of the premises, insisted that it was done with the permission of Ernest Wright and was free of rent until he informed them otherwise.

It was one of the longest, if not the longest, civil court trials held here in some time.

PROCLAMATION

WHEREAS, the human resources of the nation are measured by the health and welfare of the citizens of its communities and states, and disabilities reduce productivity and the manpower essential to our defense effort in this hour of national emergency, and

WHEREAS, Cerebral Palsy is one of the most potent single factors responsible for disability in the United States today and therefore is of primary consequence to the people of this area, and

WHEREAS, a concerted, nationwide attack against this cruel crippler of mankind is now being pressed by United Cerebral Palsy with encouraging results,

NOW, THEREFORE, I, Irvine J. Hetherington, Sr., Burgess of the Borough of Bristol, do hereby proclaim the week of May 1-8, 1952, as Cerebral Palsy Week, in conjunction with Child Health Week, and I urge the citizens to cooperate to the fullest extent in this humanitarian crusade which merits the support of all patriotic Americans everywhere.

I, J. HETHERINGTON, SR., Burgess.

TV EXPANSION

The plan for television de-
velopment adopted in 1945 by the
Federal Communications Com-
mission permitted stations to be
built from 90 to 150 miles apart.
Trouble in the form of inter-
ference came quickly and in 1948
the FCC halted issuance of li-
censes until engineering diffi-
culties could be overcome.

Since then engineers have per-
fected use of ultra high frequency
(UHF) waves, on which tele-
casts are effective for approxi-
mately 20 miles, as contrasted
with the 50-mile range of very
high frequency (VHF) on which
existing stations operate. The
wider spectrum adds 70 new
channels to the 12 now in use
and permits a greatly increased
number of stations to operate
without interfering with one an-
other.

This clears the way for exten-
sion of television to all parts
of the country. There are now 108
stations on the air. Lifting its
ban, the FCC has allocated chan-
nels for 2,053 new stations in
1,291 communities. Channels will
be reserved for noncommercial
educational use in 242 communi-
ties.

There will be considerable de-
lay before TV screens light up all
across the country. Where there
are competing applicants for one
channel long hearings will be
necessary before a license can be
issued. Materials for construction
are expected to be available, but
their cost has increased greatly
since 1948.

However, a vast expansion of
TV is certain. It will involve the
expenditure of billions of dollars
for transmitters and studio equip-
ment, provide a market for mil-
lions of new receiving sets.

WHEAT CROP LOOKS GOOD

News from the wheat belt, via
the Department of Agriculture at
Washington, is that this year's
crop of winter wheat (wheat
planted in the fall) will be the
third largest on record. According
to present indications, that is.
Acreage devoted to spring wheat
will be larger than last year's, it
is predicted.

Sometimes there is a sizable
gap between April wheat pros-
pects and the actual harvest. Plant
diseases, insects and bad weather
—especially the latter, frequently
result in a marked change in the
picture. But if the farmer gets all
the breaks the result may be a
larger crop than now forecast.
Crops can never be anticipated
accurately.

But, barring some unforeseen
disaster, the wheat crop promises
to be very satisfactory. A good
wheat crop spreads its beneficial
influence over the whole economy.
It should help counteract the ever-
present threat of inflation.

The farmer, as always in the
past, is still the most stabilizing
segment of the population. He
toils and produces, come what
may, and never deserts his job
to parade with signs beseeching
others to join him in idleness.

ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette
issue dated at Bristol Dec. 24, 1903. The Gazette, a weekly news-
paper published in Bristol, was discontinued following its merger
with the Courier.

MORRISVILLE — Miss Emily
Jummel, chief operator of the Mor-
risville exchange of the Bell Tele-
phone Company, has resigned to
take up the study of trained nursing
in the Cooper Hospital, Camden.
Miss Mary Bond, who has been em-
ployed in the Trenton exchange for
the past few weeks, will fill the vac-
ancy caused by Miss Jummel's
resignation.

LANGHORNE — Benjamin Wood-
man's large stone house has been
most satisfactorily heated by a new
hot water apparatus.

A 30-pound snapper was caught
in the mill pond by Harry Shores
a few days ago.

The trolley cars on the Philadel-
phia, Bristol and Trenton line are
now all comfortably heated.

A calf with two heads was the at-
traction on Mill street on Monday
in the farm wagon of James Ennis
who brought it from Bensalem. The
curious freak of nature was born on
Mr. Ennis' farm.

The Bristol butchers are still
keeping up their war of prices and
it is doubtful if any community is
being served with meat at such low
rates as here. Fine rib roasts of
beef are being sold for nine cents
a pound; sirloin steaks for twelve
cents; roast pork or chops, seven
cents; stewing beef, three cents.
The above were the lowest prices
that were made last Friday and
Saturday. The public thoroughly
enjoys the situation.

An evening company was given
at the home of Miss Martha Cham-
bers on December 17th. A very
pleasant evening was spent, after
which refreshments were served.
Among those present were: Mr.
and Mrs. Chambers, Misses Mary
Bailey, Emma Bailey, Clara Cum-
mings, Anna Dawson, Elsie and
Violet Arrison, Martha Chambers,
Margaret Stephen, Masters George
Ahlee, Edward Milligan, Raymond
James, John Wickser.

nesday, December 16th. The com-
pany is in a flourishing condition,
having added \$27 to the amount in
the treasurer's hands for the past
year after paying all bills. The or-
ganization was instituted 76 years
ago and at present has 80 members,
72 of whom took supper at the hotel
of Mrs. Dennis Dugan. The present
officers are: President, James W.
Rogers; Treasurer, Lemuel Vande-
grift; Secretary, John H. LaRue;
Directors, James W. Rogers, Wat-
son Davis, Howard K. Tomlinson,
Dr. James Patterson and Dr. Hor-
ace Fleckenstine.

Always been keen to provide for
the comfort and pleasure of their
patrons, the managers of the Phila-
delphia, Bristol and Trenton Street
Railway Company, at considerable
expense, have made a fine winter
recreation ground on the line of
the trolley between Bristol and
Croyston. The company has leased
from the Negus estate the meadow
land near the Newportville road,
and a force of men dammed up the
creek which flows through the
grounds, which in cold weather
makes an elegant skating surface,
covering about three acres. Benches
and shelter are being erected for
the comfort of the skaters and
spectators. A novel feature will
be provided by the erection of poles
and the installation of about twenty
electric lights thus making the
pleasure ground one that will be
particularly enjoyable at night.
Everything is now in readiness for
the freezing. In the event of snow
the lake will be quickly cleared by
a force of men and the surface re-
flooded, thus giving another surface
of smooth ice. Undoubtedly the
spot will be a popular resort this
season.

obituaries read: "Death came after a long illness." No mention of cancer.

In such atmosphere flourishes a world of old wives' tales, half-truths and taboos. Where angels fear to tread, fools rush in and bestow countless thousands of dollars on charlatans, quacks and quick-cure artists.

One phony in Texas advertised a cure for skin cancer that involved the use of zinc chloride. His technique was exposed by medical societies—but a bona fide specialist at Madison, Wis., was placed under a cloud of medical suspicion, because he was busily curing skin cancers—with zinc chloride! The difference, of course, lay between spurious application and genuine know-how.

Truth indeed is stranger than fiction. For every strange and planetary device and apparatus used by impostors to milk money from cancer sufferers, there is an even stranger-looking machine in use by genuine specialists.

In Baltimore, a doctor named Kurt Richter literally plugs his patients into a control board with flashing dials and indicators. He runs little wheels over their skin and watches the control panel. Where the needles jump—there may be a hidden tumor.

Ghosts and phantoms play their part. In Philadelphia, a routine chest X-ray on a dead man showed nothing. Opened up at post mortem, his chest disclosed a cancerous tumor the size of a silver dollar.

Why didn't the X-ray see it? Doctors decided to find out. They built a plastic man, gave him a plastic tumor, then X-rayed him time and again, changing the location of the tumor, until suddenly, once again, the X-ray plate showed blank.

Quickly, they changed the dosage of the ray, changed the angle of the camera—and "found" the phantom tumor.

The contradictions are immense, sometimes seeming almost as if cancer has a mind of its own, with which to confound the experts.

Cancer is not inherited. It is not contagious. But now and again forms of the disease will run rampant through certain families, and male mice with cancer have been proved to give it to female mice.

Cancer is inbred. But in one rare form of the disease, it has been traced in women not to themselves but to the unborn babies they carry. Removal of cancer, without any recurrence for five years, is regarded as a cure. But in one Chicago woman, a cancerous tumor disappeared—and came back 25 years later.

Cancer does not reverse itself.

Once present, it does not go away. But there was a New York woman, so hopelessly cancer-ridden her death was considered only weeks, maybe days, away. She lay in bed, all by herself, waiting, and all by itself her cancer vanished, and she walked out of the hospital to resume her healthful everyday existence.

Dr. Samuel Taylor of the University of Illinois says, "Nobody dies of cancer," and it is more than merely a remark. People die from what cancer does to their vital organs. Sometimes, literally suffused with malignant growths, they stay alive for years.

Falls School District Sends Out Bills for Special Taxes

taxable for school purposes at the reassessed valuation for the proportionate part of the fiscal year of the school district remaining after the property was improved. Any improvements made during the month shall be computed as having been made on the first of the month. A certified copy of the additions and revisions to the duplicate shall be furnished by the board of school directors to the tax collector for the district, and within ten days thereafter the tax collector shall notify the owner of the property of the taxes due the school district.

The board of school directors of

Falls Township has elected to take the assessors list of improvements as of September 1, 1951 as the basis for application of this special school tax law for the balance of the fiscal year. Ordinarily, property owners of such improvements would not pay taxes until on or after July 1, 1952.

Because of the terrific increase of school costs due to the industrial expansion of the area the board of school directors of Falls Township is facing a large deficit for the fiscal year.

Since the period from September 1 to July 1 is a period of ten months, or five-sixths of a year, property owners concerned will receive bills for five-sixths of the year taxes.

The special tax duplicate handed by the board of school directors to tax collector, Lloyd Vandenberg,

is for approximately \$7,000,000. With a tax rate of 35 mills for five-sixths of a year, about \$200,000 is due the school district.

lationship of friendship for the earlier parent-child relationship in order to give the child the very important feeling of security necessary for his adjustment.

The afternoon session opened with program of special music by Buckingham high school mixed chorus, directed by Mrs. Irvin M. Buckman. Soloists were "Betty" Carr, Lois Simons, Lorraine Si-

mons, Mary O'Donnell, John Hellman, and Bruce Brown.

At the morning business meeting, Mrs. Raymond Gilbert, Richboro, county vice president, presiding, the following announcements were made: Southeast District conference May 15-16, at York; summer school for leadership training to which all local presidents should be sent at local unit expense, it was pointed out, Millersville State Teachers College, July 14-18; state convention, Oct. 20-22, at Pocono Manor.

Four new units were welcomed into the Bucks County Council: East Rockhill, Trevoise-Penn Val-

ley, Chalfont, and Tohickon Valley.

Mrs. Alvin Pratt, Morrisville, president of the county council, announced that during the past six years the council has grown from 17 units with membership of 3,800, to 33 units with membership of over 7,000.

Raymond Ivins, Feasterville; Victor Cote, Morrisville; and Mrs. L. Ivins Smith, New Hope R. D., were appointed on the auditing committee.

Mrs. Pratt conducted election of officers for two year terms, and installed the following: President, Mrs. Raymond Gilbert, Richboro; vice presidents—Mrs. Nelson Simon, Laurel Bend, Bristol Twp.; Mrs. Edward Williamson, New Hope, Mrs. Elroy Simons, Feasterville, Mrs. L. Ivins Smith, New Hope R. D.; secretary, Mrs. Harry Willis, Warminster; treasurer, Mrs. Stanley Blinn, Newtown.

Mrs. Blinn announced that a gift had been made to the building fund for the new national headquarters building at Chicago, Ill., in honor of Mrs. Pratt, president of the council for the past six years, and now vice president of the Penna. State Congress of Parents and Teachers.

Morton Botel, reading specialist

on the staff of the county superintendent of schools, Doylestown, spoke on the work done by his department in its first year of operation. Over 300 pupils, who are not reading up to their ability, have been tested and a corrective program undertaken for each child. Seventy-two teachers in the county are taking refresher courses at Bristol on reading difficulties. Conferences were also held with 30 parents of children who have reading problems.

A short play, "Together We Build" was staged, with Mrs. Irvin Thompson, Warminster; Mrs. Ferdinand Ettenger, Holland; and David Greenberg, Lacey Park, participating.

One-minute reports by local unit presidents were presented.

Registrar reported 87 in attendance, representing 16 local units.

Vote was made to change the date of the fall assembly to Saturday, Nov. 1st, so as not to conflict with the end of the state convention. This meeting will be at Sell-Perk high school, Sellersville.

Andalusia Reception Follows Saturday Wedding at Holmesburg

HOLMESBURG, April 28 — A wedding of social interest took place Saturday afternoon when Miss Anna May Swan, daughter of Mr. and Mrs. LeRoy H. Swan, Sr., became the bride of Mr. Russell Thomas Matthews, Jr., son of Mr. and Mrs. Russell T. Matthews.

The double-ring ceremony was solemnized at four o'clock in Holmesburg Baptist Church, with the Rev. Robert Davidson officiating.

A recital of organ music preceding the ceremony was rendered by Miss Marion Mathers. The vocalist was Mr. Lewis Benzon, Andalusia.

The bride was given in marriage by her father. Her gown was of antique white satin patterned on renaissance lines, with a tight-fitting hip-length bodice, cut square at the neck and long-sleeved. A full-flowing skirt formed a train. Her fingertip white tulle veil fell from a tiara of pearls. Her slippers were white embroidered satin, and she carried a white prayer book upon which rested two white orchids.

Miss Mary Ella Swan, Andalusia, was maid of honor for her sister. Her gown was of yellow chiffon over taffeta, ballerina length, with side panels and stole. She wore a matching chiffon headpiece and carried a cascade of yellow roses. The bridesmaids were Miss Mary Jane Vandegrift, Cornwells Hills, and Mrs. LeRoy Swan, Jr., Hulmeville, sister-in-law of the bride.

They wore ballerina length gowns of chiffon, one in pink, one in blue, similar to the maid of honor's gown, with matching chiffon headpieces, and old-fashioned bouquets of tulips, roses and lilies-of-the-valley.

Sharon Wallis, Andalusia, and Linda Johnson, cousins of the bride, were flower girls. Their gowns were lime color net over taffeta. Each carried a basket of pansies, violets, roses and heather, which was sent to the bride from Scotland.

Richard J. McClay, nephew of the bride, was ring-bearer. He wore a black cut-away coat with grey trousers and carried a white satin heart-shaped pillow upon which rested two rings.

Mr. Eugene Matthews, Andalusia, served as best man for his brother, and the ushers were Mr. John J. Rittenhouse, Croydon, and Mr. LeRoy H. Swan, Jr., Hulmeville, brother of the bride.

Mrs. Swan, mother of the bride, chose a gown of navy blue lace over pink celanese, blue accessories and wore a corsage of orchids. Mrs. Matthews, mother of the bridegroom, selected a gown of champagne Chantilly lace over taffeta, with beige accessories, and wore a corsage of orchids.

At six p.m., a reception was held for 150 guests in King hall, Andalusia. The couple left for a week's honeymoon in the Pocono mountains. For travelling, the bride chose a navy blue pin-stripe suit, white straw sailor trimmed with blue ribbon, white kid gloves, blue calf-skin slippers and handbag, and wore white orchids.

The attendants and ushers were presented with gifts by the bride and groom. The bride is employed

Today's Quiet Moment

Selected by the Rev. E. Clarendon Hyde, Vicar Grace Episcopal Church, Hulmeville

Now, who is there to harm you if you are zealous for what is right? But even if you do suffer for righteousness' sake, you will be blessed. Have no fear of them, nor be troubled, but in your hearts reverence Christ as Lord. Always be prepared to make a defense to any one who calls you to account for the hope that is in you, yet do it with gentleness and reverence; and keep your conscience clear, so that, when you are abused, those who revile your good behavior in Christ may be put to shame. For it is better to suffer for doing right, if that should be God's will, than for doing wrong. For Christ also died for sins once for all, the righteous for the unrighteous, that he might bring us to God, being put to death in the flesh but made alive in the spirit; in which he went and preached to the spirits in prison, who formerly did not obey, when God's patience waited in the days of Noah, during the building of the ark in which a few, that is, eight persons, were saved through water. Baptism, which corresponds to this, now saves you, not as a removal of dirt from the body but as an appeal to God for a clear conscience, through the resurrection of Jesus Christ, who has gone into heaven and is at the right hand of God, with angels, authorities, and powers subject to him. 1 Peter III 13-22 (Revised Standard Version).

At the last meeting the following teams signified their intention of being in the loop: Minnesota Mining, Kaiser Metal, Pacific Steel, Fifth Ward Sporting Club, and Auto Boys. were strapless, were of net over taffeta, and each wore a stole. The gown of Miss Clotti featured apron effect in front, with rhinestone trim. That of Mrs. DiCicco had yellow roses at the side. Each wore satin slippers to match her costume, and carried a satin basket with lace trim. Miss Clotti's basket was filled with yellow roses and a variety of other flowers; and the basket borne by Mrs. DiCicco included pink roses and mixed blossoms.

The bridal costume was of satin and lace, patterned crinoline style. The bodice of lace was topped by a sheer yoke. Sleeves were long, and the gown was entrain. Her fingertip veil of net was attached to a beaded orange blossom headpiece. The white satin fan which the bride carried was trimmed with lace and contained white roses, with a lavender orchid at the center. The streamers which fell from the fan had small white rose-buds attached. The bride wore white satin slippers.

Mr. John DiCicco, Wood street, was best man for his brother-in-law. Men in the bridal party wore white jackets and black trousers for the ceremony.

For a week's trip to New York, N. Y., Mrs. Clotti was attired in a

navy blue and white check suit, navy blue top, white accessories, and wore the orchid from her fan. Until her husband receives his discharge, Mrs. Clotti will continue to reside at 335 Jefferson avenue.

Choice of costume of Mrs. Clotti, mother of the bride-groom, was a rose toned dress of lace over taffeta, navy blue accessories, and a lavender orchid.

Gifts from the bride to her attendants were rhinestone necklace and earring sets. Sgt. Clotti gave the best man a gold cigarette case.

The dinner for the immediate families took place at Silver Lake Inn, with a small reception following, last evening.

powers. They also may discuss "impeachment."

Meanwhile, Federal Judge David A. Pine is expected to rule in Washington District Court on the steel industry's request for a temporary injunction against his seizure order. The industry also has asked Pine to bar a government-dictated raise for the CIO United Steel Workers.

In his letter to Jones, Truman also defended the Wage Stabilization Board's recommendation for the pay raise and union shop, repeated his reasons for not invoking the Taft-Hartley Act and denied the WSB's "public" members were union influenced.

Jones, one-time famous flyer turned farmer, said last night he was "pleased and surprised" that President Truman answered his letter.

"I still haven't decided whether he was right or wrong," the 59-year-old Jones said, "because I

still haven't seen his reply. They read it to me on the phone yesterday afternoon."

Jones, a lifelong Republican, is president of the Academy of Aero-

nautics at LaGuardia Field in New York. He flew for France in the first World War and during World War II trained 20,000 mechanics for the United States Air Force.
